Subject: OPSB case number 16-0253-GA-BTX

Dear Ohio Power Siting Board,

I am writing to express my strong opposition to the Duke Natural Gas Pipeline proposal. I live in the Cincinnati neighborhood of Pleasant Ridge. There are schools, places of worship, businesses, and parks in this beautiful neighborhood. Families want to be here because of our sense of community. The idea we could have possibly the largest-flow highest compression gas line in the US is beyond terrifying. The "blast zone" would obliterate my community. You wouldn't want it in your neighborhood and I don't want it in mine. If this pipeline moves forward in the state of Ohio, it must be done in a rural area. There are too many people who are at risk for this pipeline to move forward in the city of Cincinnati. I urge you to help us work with Duke to find a better solution.

Sincerely,

Rachelle Williams
