Subject: Fwd: case number 16-0253-GA-BYX

I just wanted to share my concerns with the pipeline in Blue Ash. There are too many businesses, homes, schools, day cares to place this pipeline in a residential/highly populated area. This is dangerous to all people who live, work and travel in the area, especially myself and my family. I have worked in Blue Ash for 9+ years and recently moved here because it is such a nice area. This will destroy home values and a lot of large companies, Kroger, P&G, Mercy Health plus many others would probably want to relocate out of the area, killing Blue Ash if the pipelines are placed here. I will be attending the open house on Wednesday evening as well to speak out but wanted to share my concern.

Thank you,
Meghan Handler
