COMMENT DESCRIPTION:

Duke Energy is planning to install a high-volume gas transmission line through densely populated areas in Hamilton County. As of today, they have three proposed routes, each one going past schools, churches, hospitals, and even fire houses. I urge you to decline each of these

This is to certify that the foregoing is an accurate and complete reproduction of a case file document delivered in the regular course of business.

routes on the basis that it isn't safe for citizens in the area. Lines such as this have a failure rate that isn't acceptable. Duke has no experience installing or maintaining transmission pipelines of this magnitude. Please insist that Duke relocate their planned lines to areas with less population.
