CASE_NUMBER: 16-0253-GA-BTX: Duke Central Corridor Extension Ga

COMMENTS: I am a resident of Montgomery, Ohio, and lifelong resident of the Cincinnati area. I have children who will attend Sycamore schools. I am very, very concerned to read about Duke Energy's plan to put a high pressure natural gas pipeline through local neighborhoods. All of the proposed routes affect schools, homes, and businesses. In some cases routes come extremely close to schools and parks. An accident along any of these routes could be a terrible, catastrophic event. Please protect our families and communities by denying approval to this project. I understand the need to upgrade infrastructure but Duke MUST find a safer route or use a safer, lower pressure pipeline through these densely populated areas.
