To OPSB-

I am VERY concerned about the proposed gas pipeline running through the heart of so many communities here in the Cincinnati area. It would not only pass through very populous communities filled with homes and businesses, but it would also come dangerously close to MANY schools and playgrounds where our children area. As the mother of 2 young children, I am very opposed to this untested and unproven pipeline. Please consider this and do NOT approve this pipeline.

Thank you

Cindy
