Subject: OPSB Case No. 16-0253-GA-BTX Resident-Consumer Opposition to ORANGE Route

As a resident and property owner in Kenwood, I am amazed at the appalling lack of good judgment by both Duke and the OPSB in proposing and considering routing a massive new natural gas pipeline through such a densely populated and economically vibrant area.

If the OPSB were elected officials they wouldn't dare even consider the ORANGE Route.

To the OPSB: Please begin exercising the sound judgment for which the OPSB is known and REJECT the ORANGE route!

To DUKE Energy: Please ELIMINATE the ORANGE Route from your proposal!

ALSO to DUKE Energy: Please reconsider using your considerable influence to persuade OhioDOT to permit the pipeline to be built along I-75 or I-71 where property values and existing easements can better take such a massive infrastructure project.

Sincerely,
Mary McClure
