

FILE

The news of this pipeline construction is extremely distressing. We just purchased a house here. The beautiful trees are of utmost importance to us. To see or witness the destruction of any of them is terribly depressing. One major reason we bought our house is because of the beautiful landscaping, plants, large old oak tree, large magnolias. All of which are home to songbirds which have brought us much joy this spring and early summer.

We live right across from the Kenwood Mall which I read will also be affected.

Not to mention the traffic nightmare it will cause. We adamantly oppose the construction of this pipeline.

Sincerely,

Joan VanBuskirk
