COMMENT DESCRIPTION:

Dear Sirs, Please do not allow Duke Energy to put a 30" high pressure natural gas transmission line through any part of Sycamore Township. I have lived in Sycamore Township for more than 30 years. The area is beautiful, with lots of trees, and well-maintained homes. There are lots of young families in this area. Please do not

REC'D - PUCO

allow Duke Energy to put the proposed gas transmission line through any part of Sycamore Township. Constructing the pipeline would tear up our beautifully landscaped areas and our shopping mall, and reduce business for our local businesses. Property values are going to drop drastically if you allow the proposed pipeline. Thank you for your time and attention. Sincerely,
Linda S. Heery
