We are writing to express our concern and strong opposition to the proposed Duke Energy natural gas pipeline in our neighborhood. The proposed Pink Route will run through our property and ruin our landscape and property value. The gas line will jeopardize our safety and will impact us financially. We moved to Amberley because of the beautiful trees and appreciated how the neighbors cared for their property. The pipeline will destroy the landscape of Amberley Village. We are begging you to reconsider this pipeline before it ruins the area.

Sincerely,  
Ellen and Jerry Lorentz
