COMMENT DESCRIPTION:

Power Siting Board: I am writing you today in concern about the Proposed Natural Gas pipeline extension with Duke Energy, per the proposed routes it appears they have chosen to go thru several densely populated neighborhoods one of which where I reside. I would like it be known I am totally against this proposed routing as it. I think it is dangerous and just plain ignorant to run these thru such heavy populated areas when there are better alternatives (71/75 corridor) I have

two very old beautiful oak trees in my front yard that cannot be replaced as well and will not be granting an easement thru my property it is hard to tell from the map if my street will be directly effected from the work but it runs very close nearby if it doesn't. I Urge you to reconsider these routes and make duke energy come up with better alternatives that due not go thru the heart of residential neighborhoods, Thank you for your consideration
