Amberley  
Village

16-0253-GA-BTX

To Whom It May Concern:

Below is a copy of an email to be submitted into the record for Case No. 16-0253-GA-BTX in regards to the application for Duke's Central Corridor Extension Gas Pipeline.

Thank you for including this input for the Ohio Power Siting Board's consideration in the above-referenced application.

Please let me know if you need anything further to submit this information to the Board.

Thank you,

Nicole

Scot,

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.  
Technician Ar Date Processed 6/23/16

I am writing to you on behalf of the Amberley Village Police/Fire Department to express our concerns over the proposed Central Corridor Gas Pipeline.

In reviewing the proposed "pink" route (<https://www.duke-energy.com/pdfs/ProposedRoute-rev.pdf>), the pipeline would extend through Amberley Village the length of Ridge Road. As you and I both know, Ridge Road serves as the main thoroughfare of the Village, connecting the North and South ends in the most expeditious way possible.

With this in mind, I express to you grave concerns over the potentially life threatening consequences heavy construction along Ridge Road may have related to police department business. With our main artery blocked, first responders (police, fire, EMS) would experience heavy delays during emergency responses; whether they're stuck in construction traffic or having to reroute around traffic and access their end destination via a much longer, slower route.

I hope you will take our safety concerns as the Village moves forward in their communications with Duke Energy and the Ohio Power Siting Board.

Chief Richard L. Wallace

Amberley Village Police Department

7149 Ridge Road
