Re: Case 16-253-GA-BTX - We were informed via a letter from the Sycamore Township Board of Trustees that the Duke Energy Central Corridor Gas Pipeline Project would run through Sycamore Township. One of the proposed routes would run in front of our house. We are opposed to this proposal due to issues raised in the letter regarding resident disruption, safety, commercial district disruption, traffic disruption and concerns over restoration after construction. Please contact us to confirm that our opposition has been officially noted and if there is anything specific we can do to help insure that this project does not proceed as it has been proposed.
