To whom it may concern:

Duke is proposing to run a massive high pressure natural gas pipeline directly through densely populated neighborhoods, alongside schools, hospitals, day care centers, churches, etc in Cincinnati. This scope is unprecedented and a massive safety hazard. An explosion could kill and/or injure thousands of residents within the pipeline's path. Duke does not care about the Citizens of Cincinnati. This Pipeline belongs in unpopulated areas. Please enact stronger safety protections around the placement and inspection of these pipelines. Say NO to the Central Corridor Gas Pipeline Extension Project! This pipeline doesn't belong in Any of our neighborhoods!
