To the Ohio Power Siting Board:

My family and I are very concerned about plans for this pipeline project which will impact our neighborhood.

Our concerns include:

- 1) This puts a dangerous safety hazard in our neighborhood and it puts people of all ages in our community at risk
- 2) This will have a negative impact on our property values, insurance costs, and business growth.
- 3) This will negatively impact our mature woodland, green spaces, and wildlife.

We oppose this plan and want Duke to consider other alternatives.

Sincerely,

Janet Ross
