16-0253-GA-BTX

Hi,

Please be responsible and listen to the citizens!

Say no to this project!

This is a high pressure pipeline that is being proposed to be run through not only a gorgeous neighborhood, but also a densely populated area of Cincinnati.

There is MAJOR MAJOR risk if something goes wrong that could result in lots of death and other damage. Duke has yet to show why there is such a need for this pipeline. If the plan is to go through then they must minimize risk and go through an area with little to no people.

Please vote against this!

A concerned citizen,

Micah Kamesar
