PUCO

We are EXTREMELY OPPOSED to the Duke Energy High Pressure Pipeline going through our community. Blue Ash is a growing and thriving area with many neighborhoods, schools, hospitals, businesses, restaurants, parks, etc. within very close range of this proposed project. A malfunction in the line would have catastrophic impact to the lives of people who live, work, and go to school nearby. We have 4 young kids and are extremely concerned about their safety as one proposed route goes right past their elementary school and another near their intermediate school.

We believe there are many other options to take this pipeline to the East where there are less populated areas. We ask that you re-look at the routes and move this out of Blue Ash to where there is minimal human impact.

Thank you,
Amy Dryer
