COMMENT DESCRIPTION:

Dear Members of the Ohio Power Siting Board, I am a resident of Pleasant Ridge neighborhood in Cincinnati. I am extremely concerned about Duke Energy's proposed natural gas pipeline

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician Am Date Processed 6/24/16

through my community. According to the latest routes, the pipeline is going to be passing close to a very large number of residences, places of worship, and businesses. If there is an accident, the financial toll will be catastrophic, many lives may also be lost. Such pipelines should be routed through rural areas where the exposure to people is very limited. Please don't put an entire community at risk by approving this project. Thank you, Jennifer Deshpande
