COMMENTS: I am writing in regard to the proposed gas transmission line that may be coming right through my neighborhood. I want to be counted as very much against this proposal. I can't imagine the impact on the resale value of my home. This neighborhood is well cared for by the home owners with manicured lawns, stately trees and the thought of 50' easement and a 15' trench is something I don't want to think about.

I can only see negatives with this proposal.

What is the benefit to me?

Thank you for your consideration.
