I bought my house 6 years ago because I have MS and had to get away from stairs. I am terrified by the pipeline. Why would you run it through an area of houses, hospitals, schools, shopping?

I was in a gas explosion when I was much younger and spent a while in a burn unit. I have deteriorated enough that I cannot house-hunt again. I do not know how I will escape if you force this pipeline into my neighborhood against our will. I cannot afford to lose the money I put into this house. I cannot believe there is no one on the committee who has the sense or decency to speak up and stop this.

I strongly oppose running the pipe through Amberley.
