**Subject:** Re: Case # 16 - 0253 - GA - BTX

Dear Sir,

I am contacting you to express my concern over the proposed Duke Energy pipeline routes referenced in the above case (Case # 16 - 0253 - GA - BTX). I live approximately one half mile from one of the proposed routes, and only slightly farther away from another proposed route and am primarily concerned with safety. I understand the need for the pipeline extension but am hopeful that some other safer route can be found. I don't believe a pipeline of this magnitude should be placed in a residential neighborhood.

Thank you for the opportunity to express my concern.
