Subject: Duke Energy Central Corridor Gas Pipeline Extension Project (OPSB case no. 16-0253-GA-BTX)

To Whom It May Concern -

I am writing you with regard to Duke Energy's Central Corridor Gas Pipeline Extension Project (OPSB case no. 16-0253-GA-BTX).

The scope of the project presents a real and present danger to all residents in each of the three proposed areas. Each route follows a primary transportation artery that would place the high-pressure pipeline in close proximity to densely populated neighborhoods, schools, shopping centers, etc. While I understand that projected natural gas usage may dictate the need for such a project, that need does not outweigh our civic and moral duty to protect those in harm's way. I would ask that Duke's application be denied.

Respectfully,

Paul Morris
