Subject: OPSB case #16-0253-GA-BTX

To: Asim Z. Hague, David Goodman and other concerned members

I live near Kenwood and Galbraith roads on Frolic Dr. One of the routes has been drawn on my street less than a block from my home.

I am against this route because of the mess and disruption during construction for Jewish hospital, the Kenwood mall, other stores surrounding the mall,

and the residences. The economic impact to these areas during construction and the loss of tax funds would be great. What is more important is the

safety of these places after construction. The possible explosion of a pipe line of this size-30 inches- to these areas and the deaths that will occur.

Thanks for reading,

Rita Lambers
Resident of Kenwood, Sycamore Township

During the past few years, street improvements have been made -sidewalks, and street dividers. All waisted.
