COMPLAINT DESCRIPTION:

As a resident of Amberley Village and a business owner in Blue Ash, OH each of the three routes proposed by Duke Energy for its Central Corridor Extension Pipeline poses a danger to residential and business areas. Running a pipeline of this magnitude in the proposed areas endangers public safety to homes, schools and businesses. It also potentially reduces property values causing lower tax revenues. The pipeline also damages the environmental integrity of the land. The Ohio Power Siting Board needs to consider Ohioans' quality of life and actual need for this quantity of gas, not merely utility company business objectives (OPSB case no. 16-0253-GA-BTX).
