Case No. 16-0803-EL-ACP

Dear Mr. Siegfried,

There was an electronic reporting error in the load number of 296 MW that was submitted as the baseline for the Ohio Renewable Portfolio Standard Compliance Reports for 2014 and 2015. The load number of 365 MW is Plymouth's correct retail electric sales load for 2014 and should be used as their baseline for 2014 and 2015.

Please find attached Plymouth Rock Energy, LLC's revised reporting forms and RPS compliance reports for both 2014 and 2015. Please let me know if you have any questions.

Sincerely,

Christopher Dieguez
