Subject: Oppose the Central Corridor Pipeline Extension Project

Dear Thomas W. Johnson,

As a resident of Cincinnati and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

This pipeline will pass right past my family's home and will bifurcate our neighborhood, passing closely to churches, business, schools and public spaces.

There is no good reason to run this pipeline through such a densely populated area. Duke Energy should reconsider the pipeline route to ensure the safety of my family and all of the families, businesses and institutions along the route of the pipeline.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Dan Klco
