PUCO

To Whom It May Concern,

I am completely against the construction of the OPSB 30-inch pipeline proposed for Cincinnati, Ohio:

OPSB case # 16-0253-GA-BTX

These lines are catastrophically dangerous and, due to this danger, have been outlawed in many areas of the country. Why in the world would we want this danger in our city and state?

I encourage you to propose a new plan, one that does not have the potential to devastate a complete area by a blast zone. Safety has to be the highest priority.

Sincerely Upset,

Annie Hinkle
