Subject: Proposed Duke Energy Cincinnati area Pipeline

I am writing to you in opposition to Duke's current Pipeline Project.

My wife and I live in Blue Ash but we are opposed to any of the currently proposed routes.

Given the level of risk and potential impact on the residents and communities involved, It makes no sense to us to allow Duke to move forward with this project.

I attended the public information session in Blue Ash and was comforted to see the mass turn-out. The residents are not happy with Duke's total disregard for their interests.

My wife and I are normally part of the silent majority but on this issue we feel we must speak out. We cannot understand why Duke can't run this pipeline through less populated areas. We expect it is money/greed driven with a total disregard for the public interest.

We understand that the OPSB is the guardian of public interest.

Our request to you is: Please stop this project and force Duke to meet their wants/needs in a more appropriate manner.

We appreciate your consideration of our position.

Kind Regards,

Jim and Fran Lee 9752 Troon Ct. Blue Ash, OH 45241 513-702-0187 2016 JUL 18 PH 1:22
