Subject: Duke Energy Proposed Natural Gas Pipeline in Hamilton County - OPSB Case # 16-0253-GA-BTX

As a resident of Hamilton County, I am against the proposed pipeline. Why take a chance placing it in such a populated area? It is almost twice as large as the line in San Francisco which burned houses a half mile away and caused damage to houses up to one mile away. We can only guess what the blast and burn radius would be but twice as far is a conservative guess.

Please oppose all routes under consideration as this project presents a serious threat to public safety.
