RE: *In the Matter of the Application of The Dayton Power and Light Company for an Increase  
in Electric Distribution Rates*  
Case Nos. 15-1830-EL-AIR, *et al.*

Dear Examiners Price and McKenney:

The Dayton Power and Light Company ("DP&L") files this letter to address its rights in R.C. 4909.42. On November 30, 2015, DP&L filed case number 15-1830-AL-AIR *et al.*, which is an application for an increase in distribution rates pursuant to R.C. 4909.18. Ohio Revised Code Section 4909.42 permits DP&L to implement the requested increase in rates, subject to refund, if the Public Utilities Commission of Ohio ("PUCO") has not entered an order within two hundred seventy-five days from the date of filing the application, which period expires on August 31, 2016.

Since the filing of this case, DP&L has worked diligently to provide the PUCO Staff with timely responses to 175 data requests and their numerous sub-parts. In turn, the PUCO Staff has diligently processed, reviewed, and audited the voluminous information provided by DP&L. Despite these exhaustive efforts, due to the volume of the information that needed to be provided to the PUCO Staff to complete its audit of the rate case, DP&L understands that it will not be possible for the PUCO to issue an order within the two hundred seventy-five day time-period under R.C. 4909.42. Therefore, DP&L agrees to waive its right to put into effect an increase, subject to refund, not to exceed the proposed increase upon the filing of a bond or a letter of credit by the public utility.

Respectfully submitted,

/s/ Michael J. Schuler
