Re: US Signal Company, L.L.C. – Withdrawal of Switched Access Tariff - Docket No. 16-1658-TP-AST

Dear Sir or Madam:

US Signal Company, L.L.C. (“US Signal” or “Company”) is a certified competitive local exchange carrier operating in Ohio. The Company is currently offering point-to-point, and point-to-multipoint services within Ohio. All of its services are provided via private lines, and do not utilize the Public Switched Telephone Network. US Signal is not offering switched access services to interexchange carriers at this time, and as such, PUCO Staff has requested that US Signal withdraw its Switched Access Tariff No. 3. If, in the future, US Signal offers switched access services, the Company will file a switched access tariff, and charge the applicable rates for such services pursuant to Docket No. 10-2387-TP-COI.

Thank you for your assistance in this matter and please do not hesitate to contact me if you have any questions or concerns.

Respectfully submitted,

/s/

Katherine E. Barker Marshall
