Subject: 16-0253-GA-BTX

I have concerns about the proposed pipeline through Kenwood. We recently went through gas line replacement to our homes. This was a nuisance with the multiple calls to schedule work, the equipment constantly parked on our street for weeks at a time and my lawn being destroyed. We've been through enough that we shouldn't have to deal with the disruption that will be installing this pipeline through our neighborhood. This will be a detriment to the beauty of our neighborhood and also the value of our homes that may occur if the pipeline is installed so near to us. I strongly oppose this recommended route.
