Subject: NOPE to the Pipeline

Reference: 16-0253-GA-BTX

Dear Ohio Power Siting Board,

I am a resident of Pleasant Ridge, and cannot believe, and will not support, a major natural gas pipeline going through our neighborhood. This neighborhood, and others like it, spend years debating whether to tear down several houses for a parking lot. The scale of the proposed pipeline is completely unsuitable for residential areas. The potential natural disaster, probably not right away but at some point down the road, could be huge.

Technological advances should provide some other way of accomplishing the same ends, without such a massive risk.

Sincerely,
Janice Gott
