**REVIEW AND RECOMMENDATION  
SUBMITTED ON BEHALF OF THE STAFF OF  
THE PUBLIC UTILITIES COMMISSION OF OHIO**

---

On July 29, 2016, US Signal Company, L.L.C. (US Signal) filed an ATA seeking to cancel its Carrier Access Service Tariff P.U.C.O. No. 3. In this application, US Signal proposes to cancel its carrier access service tariff because it has never marketed nor has any customers of switched access service. The company provides dedicated private line service only thus rendering moot the necessity of a carrier access service tariff.

Therefore, pursuant to 4901:1-7-14(F) O.A.C. of the Carrier Rules, an application for carrier access tariff amendment must be filed as an ATA subject to the thirty-day automatic approval process. The Staff reviewed all documents and exhibits filed with this application and found them to be compliant with Commission rules. Thus, Staff has determined that the proposed cancellation of the carrier access service tariff, PUCO No. 3, appears to satisfy the Commission's requirements set forth in 4901:1-1-7 of the Administrative Code. Staff recommends that this application be approved on August 28, 2016.
