Dear Chairman Andre T. Porter

I am a resident of Ohio. I am calling on you to help end the economic devastation and the life-threatening conditions that current utility policies are causing the people of our communities.

Low-income working people cannot afford the current costs of food, heat, energy, housing, medicines and other necessities. I urge you to take whatever actions are necessary to prevent further needless suffering and even death.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
