Subject: Oppose the Central Corridor Pipeline Extension Project

Dear PUCO Commissioner Thomas W. Johnson,

As a resident of Cincinnati and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

I oppose the Central Corridor Pipeline Extension Project because it is unsafe, it is impractical and it is unnecessary. First of all, I am a parent. A parent that walks with my kids and bikes with my kids in the areas that will be affected. I will not feel safe taking my kids on these streets. I work at a local burn hospital and see, first hand, what explosions can do to an individual, a family. These things do happen and I beg lawmakers to not allow this danger in my community, or in an urban setting. It is impractical as building of this thing would negatively impact so many with no gain as this can be done another way. It is unnecessary as, again this can be done another way by both avoiding urban areas and by encouragement of renewable energy. I am part of a coalition of people in my community committed to increasing the use of solar panel in my community, Pleasant Ridge. With any luck I will have panels on my home in months. My community is headed in a better direction and I do not want that progress impeded by a dangerous pipeline that supplies energy to others. Please visit a local burn unit and ask the families how they were injured before you say that accidents will not happen. Thank you for your consideration.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Michael White

Dear PUCO Commissioner Thomas W. Johnson,

As a resident of Cincinnati and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

The Central Corridor Pipeline Extension will put citizens at risk. Duke Energy's safety record is not good. Any financial benefits will accrue to individuals who have no interest in the well-being of our community. The natural gas is being piped from Texas - the glut of natural gas from Ohio's own fracking boom didn't even return the investment expected. This is an unwanted and unnecessary project.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Karolyn Schalk

Dear PUCO Commissioner Thomas W. Johnson,

As a resident of Deer Park and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

I oppose this being put in any city with population. There is plenty of farm land east or west of greater Cincinnati area

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Kevin rogers
