CASE # 16-0253-GA-BTX

NEIGHBORS OPPOSING PIPELINE EXTENSION (NOPE)

RECEIVED-DOCKETING DI

2016 SEP -1 PM 2:13

Duke Energy wants to run a massive, high-pressure natural gas pipeline directly through densely-populated neighborhoods, schools, hospitals, day care centers, and places of worship in the Cincinnati area. This is an unprecedented project and a massive safety hazard--an explosion could kill or injure thousands of residents within the pipeline's path--and yet Duke is undeterred and will effectively be allowed to regulate itself. In addition, the project is an environmental and economic burden, and puts property values at risk.

The undersigned oppose the installation of Duke's Central Corridor Gas Pipeline Extension Project, whose proposed routes would affect Blue Ash, Amberley Village, Reading, Montgomery, Kenwood, Madeira, Norwood, Pleasant Ridge, Evendale, Golf Manor, and other communities.

We urge the Ohio Power Siting Board to reject the project as proposed, and urge our elected officials to step up and protect their constituents. Keep these dangerous pipelines clear of densely-populated areas, and enact stronger safety protections around inspection and placement.
