Subject: Oppose the Central Corridor Pipeline Extension Project

Dear Ohio Power Siting Board,

As a resident of Blue Ash and concerned citizen, I am writing you to register my opposition to Central Corridor Pipeline Extension Project (Reference No. 16-253- GA-BTX).

I strongly oppose the Central Corridor Pipeline Extension Project because my family, including my two-year old toddler, would live so close to the project. One of the pipeline routes (the green route) would be mere feet from our backyard. We also frequently visit Summit Park (including their beautiful children's playground), which is near the proposed routes. I am very concerned about our safety as well as the detrimental impact on our property value if this massive pipeline is built. Please do not allow this project to be approved.

This pipeline will travel through densely populated areas, including my neighborhood and will pose a danger to residences, schools, businesses and houses of worship.

Unlike delivery pipelines, this pipeline will be under up to 720psi pressure and an accident or rupture could cause injuries, death and destruction of property within a radius of 1/3 mile.

I ask you to oppose this pipeline and encourage both Duke Energy and the Ohio Power Siting Board to reject this pipeline

Thank you for your consideration.

Regards,
Carl Cohn
