RE: YOUR Account #

Dear Key Communications Customer:

Since 2003, LDL Telecom Services, Inc., dba Key Communications Services has been providing long distance service in Ohio and Michigan. This letter is to inform you that Key Communications Services will discontinue providing long distance service on or after October 15, 2016, subject to regulatory approval.

PLEASE NOTE THESE 2 IMPORTANT ITEMS:

1. **Key Communications DOES NOT provide your local exchange services** – We provide to you ONLY Outbound (1+) and Toll-Free long distance service.
2. **You should take action now, and select a new long distance carrier as soon as possible to avoid any interruption of your long distance service.** Please check carefully to insure that ALL long distance services that Key Communications provides are moved to your new carrier. (Be sure to check both outbound long distance and toll-free service).

We've been proud and grateful to provide our service to you over these many years. To show our appreciation and assist you in moving your service, Key Communications has made "special arrangements" with Easton Telecom Services, Richfield, Ohio that will enable you to move your long distance from Key to Easton at the same long distance rate (in most cases) that you are enjoying with Key today. ALSO - - Easton provides a complete and extremely competitive array of local exchange services which in most cases will result in significant savings on your LOCAL SERVICE as well. You will definitely want to ask about Easton Local and Easton Digital Voice. Additionally, Easton will be a "One Stop" call for ALL your telecom and data needs to include VoIP and SIP Services. You should contact Easton at 1-800-222-8122, ask for Mr. Jim Butler and let him know you've been a Key Communications customer. We also setup a special email account to contact Easton for information. It is: Key2Easton@eastontel.com

The Federal Communications Commission ("FCC") permits customers to object to discontinuance of their service by a telecommunications provider, as provided in the FCC's rule 47 CFR 63.71:

If you wish to object, you should file your comments as soon as possible, but not later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding or you may address your comments to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, D.C. 20554, and include in your comments a reference to the Section 63.71 Application of LDL Telecom Services, Inc., dba Key Communications Services.
