*Please deny Duke Energy's request that the OPSB waive the requirements to hold another public meeting on the routes proposed in their filing on Sept. 13, 2016 and to send letters of information to all affected homeowners along the routes. The public is due transparency and information on this amended project. Duke's request to avoid these requirements, and thus transparency and information sharing, is inexcusable.*

*I also seriously question the actual need. I feel it is incumbent on Duke Energy to show justification for such a pipeline. And, if justified, they should be compelled to take a circuitous route which avoids heavily populated, commercialized areas.*

I HAVE JUST BEEN INFORMED THAT DUKE ENERGY IS ASKING FOR A WAIVER SO THEY ARE NOT REQUIRED TO HOLD

ANOTHER PUBLIC MEETING ON THE PROPOSED ROUTES AS STATED IN THEIR FILING ON SEPTEMBER 13, 2016, AND

INSTEAD JUST TO SEND INFORMATIONAL LETTERS TO AFFECTED HOMEOWNERS ALONG THE ROUTES.

THE PUBLIC DESERVES INFORMATION AND TRANSPARENCY ON THIS AMENDED PROJECT, AND DUKE'S REQUEST TO

AVOID THESE REQUIREMENTS IS WORRISOME, IRRESPONSIBLE AND UNACCEPTABLE.

PLEASE DENY THIS WAIVER.

**Re: Case 16-253-GA-BTX**

I hope that you will deny Duke Energy's request to waive a public meeting on the proposed gas pipeline routes. This is truly a slap in the face to all affected homeowners, businesses, schools and places of worship along the proposed routes. We deserve the right to have Duke Energy and the Ohio Power Siting Board hear our concerns and work with the local residents and landowners to work on an equitable solution. At the very least Duke should be required to send letters to all affected homeowners along the route.

Please do not allow this large company to bully local landowners. You have the power to require Duke Energy to hold public meetings and I hope that you assert that power in this case.

Thank you,
