RE: Case Number 16-253-GA-BTX

PUCO

2016 SEP 29 AM 10:54

Dear Ohio Power Siting Board,

As a resident of Blue Ash in Hamilton County, I am writing because I **OPPOSE** the Central Corridor Extension Gas Pipeline as proposed by Duke Energy Ohio.

Please **DENY** Duke Energy's request that the OPSB waive the requirements to hold another public meeting on the routes proposed in their filing on Sept. 13, 2016 and to send letters of information to all affected homeowners along the routes.

The public is due transparency and information on this amended project. Duke's request to avoid these requirements, and thus transparency and information sharing, is not acceptable.

Sincerely,

*Richard Kipner*

Greetings,

I am writing to request that you please deny Duke Energy's request that the OPSB waive the requirements to hold another public meeting on the routes proposed in their filing on Sept. 13, 2016 and also to send letters informing all affected homeowners along the routes. The public should be provided the information on this amended project via public meeting and letters. Duke's request to avoid sharing this information is unacceptable. The public should be informed.

Thank you very much.

**Re. Case 16-253-GA-BTX**

To Whom It May Concern,

I am writing to voice my opposition to the Duke Energy pipeline project request that the OPSB waive the requirements to hold another public meeting on the routes proposed in their filing on September 13, 2016.

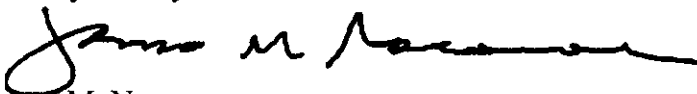

Please DENY Duke's request to waive these requirements.

My home lies along one of the original possible routes. We have written letters, made phone calls and attended meetings on the project. I am still waiting for an explanation from Duke. Why are they willing to put so many people at risk without adequately discussing the options?

We all support the need for more gas supplies. That is not the issue.

The real issue, in my mind, is the impact the pipeline construction has on the communities it serves. Duke continues to avoid this discussion.

Thank you for your consideration.
