Re: Case Number 13-2385-~~ESPEL~~-SSO

Dear Public Utilities Commission of Ohio:

I have 3 young girls in my family and the environment is a major issue for me. I encourage the use of renewable energy sources especially, as well as higher efficiency usage of fossil fuels. Please consider more responsible plans rather than allowing AEP to punish its customers.

My girls drew some pictures of the environment they hope to still see when they grow up.

Regards,

Greg Karst
