Re: *Duke Energy Ohio C314V Central Corridor Pipeline Extension Project*
Case No. 16-253-GA-BTX

Dear Mr. Donlon:

Yesterday, you indicated that Duke Energy Ohio, Inc., (Duke Energy Ohio or Company) is to have another informational meeting given the substantial changes to the proposed pipeline project described in the Application of this matter filed on September 13, 2016. These changes include a significant reduction in both the diameter of the pipeline and the pressure at which it is expected to operate. Please allow me to confirm that Duke Energy Ohio is initiating efforts to conduct this meeting as soon as practicable, subject to the notice requirements of O.A.C. 4906-4-03(B). The Company looks forward to talking with those communities along the two routes identified in the Application about how this project will enable it to continue to safely and reliably serve its natural gas customers today and for decades to come. In the interim, the Company will continue with technical aspects of the project related to field work.

Sincerely,

Jeanne W. Kingery
Jeanne W. Kingery
Associate General Counsel
