Case Number: 16-0253-GA-BTX

Dear Board Members:

Duke Energy's recent application for a natural gas transmission line in Southwestern Ohio included a motion for waiver regarding public informational meetings required under Ohio Administrative Code Section 4906-3-03(B).

Substantive changes to the project have been made since the prior public meetings. Due to the high public interest and concern surrounding this venture, at least one public meeting should be held to update the community on the revised construction route and proposal.

Thank you for your time,

Marc Sirkin
