Subject: Case Number 16-0253-GA-BTX: Opposition to Duke Energy Pipeline through Blue Ash, Ohio

Dear Sir/ Madam,

My wife, Shoba Krishnan, and I are residents of Blue Ash, Ohio, residing at 4947 Catalpa Creek Drive, Blue Ash, Ohio 45242. We understand that Duke Energy is planning to install a massive natural gas transmission line that will be passing very near our property area.

Because of significant safety issues associated with risks of explosion as well as potential damage to the environment associated with the proposed transmission line, we request your intervention in the construction of the transmission line. In addition to the safety risks, we are also concerned about the disruption to local businesses and the effect on home property values.

We sincerely request your cooperation in stopping Duke Energy's proposed pipeline extension as planned and safeguarding our property in the Blue Ash neighborhood.

Thanks in advance for your cooperation in this matter. Please feel free to contact us if any additional information is needed from us to prevent construction of the pipeline as being currently planned.

Radha Krishnan, P.E.
