Re: **Pending Notice of Change in Control**

To Whom It May Concern:

Be advised that October 9, 2016 Calpine Corporation ("Calpine") announced that it will acquire Noble Solutions from Noble Group Ltd ("Transaction"). The Transaction is expected to close by year end 2016, subject to customary closing conditions, approval by shareholders of Noble Group Ltd., approval from the Federal Energy Regulatory Commission and antitrust review under the Hart-Scott-Rodino Act.

Calpine Corporation is America's largest generator of electricity from natural gas and geothermal resources. With a fleet of 84 power plants in operation or under construction that represents more than 27,000 megawatts of generation capacity. Serving customers in 20 states and Canada, Calpine specializes in developing, constructing, owning and operating natural gas-fired and renewable geothermal power plants that use advanced technologies to generate power in a low-carbon and environmentally responsible manner.

Please note that if the Transaction closes, it is expected the Noble Solutions will change its name. All other information and business aspects such as company function, tax identification, Dun & Bradstreet number, office address, operations and contract obligations, is expected to remain unchanged at this time.

If you have any questions or comments regarding this notice, or would like further information on the expected Transaction, please do not hesitate to contact Greg Bass at (619) 684-8199.

Sincerely,

A handwritten signature in black ink, appearing to read 'Greg Bass', is written over a horizontal line.

Greg Bass  
Director
