10/5/2016

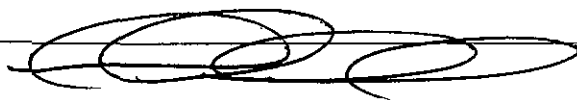

Dear PUC of Ohio,

I'm writing to inform you I am
opposed to the proposed increase in
DPL's customer service charge.

My hope is to see more energy
companies, specifically DPL, increase
their renewable energy and energy
efficiency programs.

This letter is in reference to
case # 15-1830-EL-AIR.

Thank you for your consideration.

Michael Miller
