Cuyahoga County, Ohio.)

ENTRY

The Ohio Power Siting Board finds:

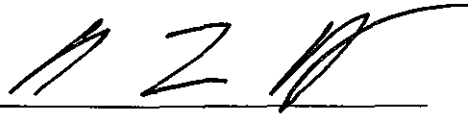

- (1) On February 7, 2014, Lake Erie Energy Development Corporation (LEEDCo) filed an application for a certificate of environmental compatibility and public need for Project Icebreaker, a wind-powered electric generation facility. LEEDCo indicated that Project Icebreaker is a demonstration-scale project that will consist of six wind turbine generators installed approximately seven to nine miles off the coast of Cleveland in Lake Erie.
- (2) On April 8, 2014, the Chairman of the Ohio Power Siting Board advised LEEDCo that the application for Project Icebreaker had been found to not comply with Ohio Adm.Code Chapter 4906-01, et seq.
- (3) On September 13, 2016, LEEDCo filed a request to withdraw its application for Project Icebreaker. LEEDCo advised that it would be filing a notice to the Board of its intent to file a new application in the fourth quarter of 2016, which will replace and supersede the application filed in this case.
- (4) The Board finds that LEEDCo's request to withdraw this application should be granted and this case should be dismissed and closed of record.

It is, therefore,

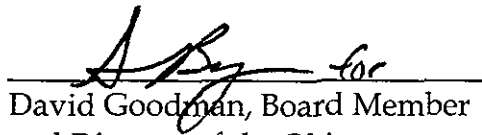

ORDERED, That this case be dismissed and closed of record. It is, further,

ORDERED, That a copy of this Entry be served upon all parties and interested persons of record.
