To Whom It May Concern,

I am opposed to AEP's plan to increase the current customer charge. Being on a fixed income, these increases will have a negative effect on my costs of living.

I think AEP should focus instead, on utilizing more types of renewable energy and make more effort to increase energy efficiency.

Please refer to case number 13-2385-ESP
Thank you for your consideration of other solutions

Sincerely,

Mary L. Meyer
