CASE 13-2385 - ~~EL~~^{EP} 11/1/2016
EL-SSO

I am not in favor of the increase in rate. As a woman thinking of retiring & wanting to stay in my home this increases an unnecessary fiscal burden on homeowners.

I do what I can to be energy efficient & don't think I should be charged extra for that.

The plan should be to reward efficiency & help consumers find new ways to charge.

Dear AEP,

In regards to case number 13-2385-^{EL-SSO}~~ESP~~,
AEP should be encouraging energy
efficiency, and not punish customers
who go out of their way to reduce
energy consumption.

Sincerely,

Joseph Cabalquinto
