Re: case # 13-2385-ESP/

I am writing to let you know
I am opposed to AEP's plan
to increase residential fixed
fees. This adds unnecessary
costs to consumers & may
add financial stress to low or
single income families. Instead,
AEP should increase their renewable
energy & energy efficiency programs.
Please consider the impact this
could have on Ohio citizens.

Thank you.

Dear Public Utilities Commission
CASE B-2385-ESP/16-1852-

I'm opposed to AEP's plan EL-SSO
to more than double the

customer charge; and

I want to see AEP increase
their renewable energy and
energy efficiency programs.

Finally, I feel that AEP
should be encouraging
energy efficiency, not
punishing customers who
reduce their use.

Sincerely

Luke Wilson

I worry about AEP's
lack of interest in
renewable energy. They
need to take the lead
What innovations in energy
savings have they initiated
to warrant a rise in
our bills?
